CLAY COUNTY HAS HARMONY MEETING

Committees Are Consolidated and Old-Time Spirit is There Now.

CHARLESTON, Mar. 12.—What proved to be the most notable political gathering ever seen in Clay county was held there Saturday when a joint meeting of the two rival Republican county committees assembled in the court house. All members of the two committees were present besides a very respectable following of both factions from each of the five magisterial districts, indicating clearly that the Republicans of Clay county are preparing for the approaching fray with their old-time determination to not only elect their county ticket but also do their part towards rolling up a majority for the state and national tickets that will cause some of the other counties to sit up and take notice.

For the last several months a number of prominent leaders of both factions in Clay county have been making an earnest endeavor to bring about a reconciliation between the warring Republicans and arrange a settlement on some basis that would be fair and reasonable to both sides, and the joint meeting of the two committees and other interested party workers was the result of their efforts.

All Republicans were invited to attend and take part in the deliberations, which resulted in the retirement of the two old chairmen—Albert Stephenson and L. D. Hyer—in favor of J. G. Bradley, the young coal operator and railroad man, and his election was made unanimous by the consolidated committee which is composed of the membership of the two committees, this plan giving each magisterial district two members instead of one as heretofore.

The meeting was presided over by

J. S. Hales, secretary of one of the old committees, while J. B. Wheeler, secretary of the other committee, acted as secretary of the get-together meeting. So much time was consumed in making harmony speeches that the committee decided to postpone the call for district conventions until Saturday, March 23, at which time the committee will again meet and call the conventions and a primary for the nomination of the county ticket and the election of the new county committee. With the Republican party in Clay again united, it is freely predicted that the Democrats have no chance whatever of electing their men to office.

Senator Joseph H. McDermott, of Morgantown, and local parties have incorporated the Senator O'Connell company, with principal offices in this city, to drill for oil and gas and manufacture gasoline and lamp black, in Elk district of Kanawha county. The company has an authorized capital of \$100,000, and in addition to Mr. McDermott, the incorporators are John A. Thayer, N. T. Thayer, C. N. Beahart and J. N. Kenna, all of Charleston.

Prof. L. L. Friend, of the Department of Schools, is on a week's tour of Nicholas, Webster, Lewis and Harrison counties, to visit the high schools. Mr. Friend is assigned to the high school branch, and his present tour will be one of inspection.

Prof. Frank Marsh, secretary to the state board of regents, is spending this week with the agriculturists who have a special train on the Baltimore and Ohio railroad, stopping at various points along the line, where farmers are given instructions and an opportunity to hear lectures.

The Pt. Pleasant Grocery Company, of Pt. Pleasant, of which C. K. Blackwood is president, has increased its authorized capital from \$100,000 to \$150,000, notice of which has been filed with the secretary of state.

The adjutant general's department is having considerable trouble in ascertaining the whereabouts of members of the West Virginia companies in the Spanish-American war, for whom the state has checks to pay for the time between the time of enrollment and the time of being mustered in the United States service. In some instances the check is only for a few days' time but in some it is as much as a month. Those who are in the West Virginia companies should get in touch with the adjutant general and get checks awaiting them.

BRISTOL

Letter of Personal Mention and Notes of What is Doing There.

BRISTOL, Mar. 12.—Lloyd E. Way, gauger for the Eureka Pipe Line Company, had a narrow escape from serious injury recently, while on Indian run running oil. His horse became fastened in another horse track and stood Mr. Way and the horse on their heads. The horse received a badly wrenched shoulder, and is not able to get out. Luckily Mr. Way was not hurt save a scratch or two on his nose and the side of his face.

Frank Ritter, a prominent young man of Indian run, was very badly bitten a few days ago by a woodchuck, which he was after. Mr. Ritter is very popular among the young people of this vicinity and his many friends hope for his early recovery.

Walter Hickman was a business visitor in Salem and Clarksburg Monday.

Mrs. Quintilla Lynch visited Mrs. Gatha Hickman Sunday.

Misses Nettie Hickman and Ida Canthou were guests of Miss Pearl Dennison Sunday.

Mr. and Mrs. George Ritter were shopping in Salem a few days ago. William Hickman was in Clarksburg recently looking after business matters.

Mrs. Susie Barnes and daughter, Miss Battle, arrived here Saturday evening from Coolville, O., where she has been making her home with her son, Luther, who will move here soon and will occupy the old homestead, on which a younger son, Howard, has resided several years.

Howard Barnes has rented the Raymond house on Indian run and will move there soon. Mr. Barnes is an employee of the South Penn Oil Company and the change will greatly lessen his walk.

Hiram D. Lynch was a business

Guy Goodwin, a prominent farmer of Indian run, was a of Walter Hickman Sunday.

Howard Jones was shopping in Salem a few days ago.

James Lynch, an oil well pumpjack, was a business visitor in Clarksburg recently.

The South Penn Oil Company is drilling very nicely a depth of 350 feet at its first test well on the Polk Marsh farm on Grass run.

After four weeks of fishing for the tools at a well on Greenbrier, Al Ward has skidded the rig and begun to drill a well.

Worthington Marsh, of Reynoldsville, went to Greenbrier Sunday evening to begin working on a new well for Al Ward. Mr. Marsh is one of the best drillers in the state, and the ten days' vacation which he got while the rig was being skidded, is the first time for more than a year. When talking about the straight time he puts in, "Marble" says "it is because I attend strictly to my own business, and drink no whiskey."

GOOD SHOW

Is Presented at the Victoria Theater First Half of This Week.

The Victoria theater for the first half of the week presents an unusual and interesting program. The show consists of three acts, dog show, comedy duo and magicians, with two excellent reels of pictures.

The show opens with a reel of pictures followed by Woodward and his trained dogs. You may have seen trained dogs, goats, elephants and other animals, but this is on the somewhat different order. Mr. Woodward deserves credit for his ability to train these dogs to do the many tricks and posing stunts which they do during each and every performance.

A comedy duo put on by Gels and Miner comes second. This pair does a lot of original talking along with well put together parodies on the latest popular airs. They do a very neat, refined act. This duo has an abundance of press notices from all parts of the country deservedly earned.

Third on the program is displayed the art of magic by "Christopher" assisted by Miss Verona. This act is very clever. Both being experts in this branch of the business. A good magician's maneuvers can be enjoyed by old and young alike, therefore these people will please you. Go around and find out what you carry in your hat besides your head.

The show closes with a rattling good film. It will be remembered that the pictures are changed every day. All in all, it's a "dog-on" good show.

H. V. D. King returned home Tuesday morning from Washington, where he was looking after business matters.

This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and with 3 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps and a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been limited often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Riversville, W. Va.—Mrs. Dorla Martin, in a letter from Riversville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night."

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.
